“ Dear Jerry, It was with sadness that I read about the passing of your Mother. Now she and your Father are resting side by side at Mount Carmel along with the rest of our family

I do remember both your Mom and Dad so well since the day that your Father arrived in Kansas City and the day that they were married. They remain in my mind as two lovely people and I agree with Marty about your Mother's warm smile.

May they both rest in peace.

My apologies for not being able to attend the services and burial but do know that my thoughts are with you.
