

Daniel B. Toubes M.D.

June 24, 1937 - July 15, 2020

Daniel Toubes, M.D., of Leawood, KS, passed away at home on July 15, 2020. Born in 1937 to Abraham and Yetta Toubes of Des Moines, IA, he was a graduate of North High School where he was the school photographer. He earned his bachelor's degree in general science and his medical degree at the University of Iowa.

Dan and Natalie fell in love during Dan's internship at Michael Reese Hospital in Chicago and were married just three months later. Dan enlisted as a medical officer in the Army at the rank of Captain, and the couple was stationed in Anchorage, AK for two years. They returned to the University of Iowa where Dan completed an Internal Medicine residency and both a fellowship and a masters degree in Clinical Pharmacology.

Dan joined the The Medical Group of Kansas City in 1970 and served the Kansas City area as an internist for over 40 years. He attained Fellowship status in the American College of Physicians and earned recognition from the American Diabetes Association for quality of care. He was Chairman of the Department of Medicine at Baptist Memorial Hospital from 1978-1980 and President of Medical Staff from 1983-84. He served on multiple committees and boards at both Baptist and Menorah Medical Centers and was a lecturer and assistant professor at UMKC from 1971-1990. After retiring, he volunteered his medical services at the KC Care Clinic.

Dan loved the art of medicine and took great joy in sharing his knowledge with patients, family, friends, and students. He loved all things related to the Iowa Hawkeyes and the University of Iowa. In his spare time, he enjoyed traveling the world with Natalie, boating at the Lake of the Ozarks, listening to classical music, and studying Jewish history.

Dan is survived by his wife of 57 years, Natalie, his three children, Cantor Rosalie Toubes, Dr. Edie Toubes Klingler (Dr. Douglas Klingler), and David Toubes (Simone Toubes). He is survived by his brother Joseph Toubes and by his grandchildren - Sarah, Rachel, Ethan, Jake, Yael, Asher, and Sasha.

In lieu of flowers, donations may be made in his honor to the Anti-Defamation League, the University of Iowa College of Medicine, or the charity of your choice. Private services and internment will be held at Mount Carmel Cemetery.

“ My husband & I were patients of Dr. Toubes. He was a wonderful physician, who took great care of us. I so enjoyed visiting with him & hearing about your family & the places you visited. I know how difficult it was him to make the decision to retire, since he wanted to practice as long as his Father had done.

I will always remember the kindness he showed my husband, who had become very ill after Dr. Toubes had retired, & he came to visit us in the hospital.

Please accept my deepest sympathy. May his memory be a blessing for not only your family, but for all of us.

“ Natalie and family--my sincere condolences to all of you at this difficult time. I was fortunate to know Dan as both a colleague and a friend. His fund of medical knowledge and clinical experience were always an inspiration to me and his vast interests outside of medicine also made for great conversations about food, travel and history.

“ Dan was one of the nicest physicians I had the privilege of knowing in my 76 years. And I have known a bunch. His tenacity in finding my heart disease when I was just 45 may have saved my life. He then got me hooked up with a wonderful cardiologist. When he called me to say he was leaving private practice over ten years ago I was crushed. Dan was always a gentleman and a great guy!

My sincerest sympathy to his wife and family.

Heaven has, surely, gained an Angel.

“ Dear Natalie & family

Joyce and I are terribly saddened to hear of Dan's death. I shared many years in association with him as colleague and friend.

He was a brilliant physician and compassionate person who looked upon mankind with wry but always kind humor. I always left his company feeling better and craving more of his company. I know he revered his physician father and apparently emulated him.

I hope there is some measure of solace for you in the esteem and affection in which he was held by so many.

We have lost a true MENSCH.

May his memory always be for a blessing.

“ Dr. Toubes was my primary care physician for several years until he retired. His approach was friendly but direct and he took all the time I needed to get answers, something I have seen in very few medical professionals. He showed sincere

concern with my health and wellness, going beyond the usual protocols of a medical examination. I am saddened by news of his passing.

“ My sincere condolences to the Toubes family. Dr. Toubes was my mother, Rose Levine's, wonderful doctor for many years, and she valued his expertise and his friendship. They shared a passion for music, and I also remember his attendance at Symphony concerts and other musical events. May his memory always be for a blessing. Carla Klausner

“ Dear Natalie

Miriam and I were so saddened to hear of Dan's passing. When I first came to Menorah in 1977, he was among the first to welcome me to the staff and the community. We shared patients, experiences, good times and family simchas. He was one of the finest doctors I had the great privilege to work with and I was always honored when he asked me to consult on one of his patients. I greatly valued his friendship over the years and will miss him enormously. We both extend our condolences to you and the entire Toubes family. Miriam and Dan Scharf
