“ To Arlene, Rob and family, I feel like I know all of you because I met your Mom years ago and she talked about each and everyone of her kids and grandkids. She was so proud of the accomplishments made by her daughters, son and grandkids. She met my husband Mark, and grandson Stephon and she was smitten by both of them. My husband and I had several dinners together and one day she was talking about Robert and she asked us to walk with her to her car to get his book "What to Ask the Person in the Mirror"(good read). She was a proud Mom and such a classy and adorable lady. When she left KC, I stayed in touch with her from time to time in NY and the last few days she has been on my mind so much, I told my husband that we needed to call her. After calling I could not leave a message, her mail box was full, so I decided to text her over the weekend. This is 02/27/2018 and not a word back as of today. I called her and again, mail box was still full. I sat down at my desk thinking of what else to do when my phone starting ringing and I saw her # on the screen, but it was not her voice. Arlene, thank you so much for calling me to let me know that one of my dearest friends is not here anymore. I wish I had known, she was such a sweet spirit and I will miss her voice and conversations. Rest in peace Miss Florence, you will never be forgotten. Love you,

Loretta

“ Arlene, I have fond memories of our childhood at Beth Shalom. And our parents were part of that. I hope your life in New York has been good, and my condolences to you and your siblings. Annette Goldenberg Haynes

“ Dear Family,

I met Florence many years ago through Women's American Ort. We shared many meetings, luncheons and events together in Jewish organizations. What a special lady she was and will be sincerely missed in our community. May her dear memory always be for a blessing. With most sincere sympathy,

“ My mother, Ann Katz, was best friends with Florence for so many years. They would go out to dinner together and would talk on the phone nearly every day. My mom told Florence things about herself and her life that she never told her daughters. Whenever I visited my mother in Kansas City, we would go out to dinner with Florence. She was the kindest, most compassionate lady I have ever met. Everything she did, she did with absolute class. She will be so greatly missed by her family and everyone whose life she touched in some way.
