“ I can't express how saddened I was when I learned this news. All i can say is that Becky was one of the brightest, most dynamic, amazing people I know. We became friends in 2016 and she quickly became one of my favorite people In the world. My daughter and I have laughed so hard with her. Selfishly I will miss the belly laughs that we shared, but my thoughts and prayers go out to all of her family and Talbot. I want you all to know what smiles she brought to my face and my daughters. I will never forget her. One in a million. Here's one of my favorite memories. Bless you all.

“ I have known Becky since our babies were in pre-school and we have shared in so many ups and downs in life.....Becky was always the most loyal, loving, kind and beautiful soul. Her love for Talbot was inspiring. When she loved, she loved big. We spent many a night talking, laughing hard and supporting one another. I will miss her so very much and know she is resting easy now.

“ My prayers go out to Becky and to all of her loved ones. What we wouldn't do to go back and hold her and tell her how much she means to us all. Becky is a beautiful warrior and although she did not win her battle, we are all here to carry her torch of kindness and caring and love and spunk and beauty. I pray that each one of us continues to be a survivor of her suicide. I miss you already Becky. It was a pleasure to laugh and smile with you during the short time I knew you. I will remember how you took time out of your trip to Vail to meet up with me for a nice walk and chat. I will

remember the love you had for your son and I will always remember the best and most hilarious metaphor you gave me for living with ADD. Thanks for connecting with me Becky. Rest easy now my friend. -Sarah Klingelheber

“ The moment you met Becky you were instantly her friend and immediately changed by her kindness, humor and stories about Talbot and Frank. We met at a soccer game our boys were playing in 7 years ago, she heard me call my son a nickname and from that moment on she always called him Rolie, she was one of the few that could call him that and he loved it every time. We will miss you Becky. Our deepest sympathies and prayers to Talbot and her family.

I will always remember her for the compassion she had for Steve when he had his stroke, I'm sure his quick recovery was because she was such a good coach. I will always be grateful for her kindness. I will remember her for her great smile and her passionate hugs. She was a wonderful person.

“ Becky, you were like my younger sister in age, but always older and wiser, and probably smarter. Your smile and beauty would light up every room you entered. You had such insight, generosity and a sense of humor that would have us laughing until we couldn't catch our breath. Always candid with your dark days, yet you shared your strength when we needed it. You were such a bright and shiny star in all my days with you and I will never forget the way you loved others and made me feel. I wish that everyone had the privilege of loving you. Rest peacefully and watch over us. I will cherish our friendship always.
