“ I loved Rose with all my heart. She was my angel who never seemed to have a bad day, even when it was obvious she didn't feel well some days. Rose always came by my desk to tell me hello. She called me Melinda which I never had the heart to correct her. I gave her an angel wall hanging and told her she will always be my angel, she would reply, "Takes one to know one". Her beautiful smile and caring soul will be missed dearly. RIP my beautiful Rose.

“ I will miss Rose so much. She and I were very close. I am a volunteer at Crown Care, the state ombudsman, who has known Rose and visited with her for over 4 years. She called me the "cookie lady." She talked so lovingly of her family, I feel like I know them all, although I've never met them. Rose was a great influence in my life and her "glass always full" attitude made a lasting impression on me as well as so many others at Crown Care, both residents and staff. I last visited with Rose Friday before she passed. I'm glad her death was peaceful and quick. Rest in peace, dear Rose. I will never forget you.
