Comments

“ Ruth was a member of our extended family. She was a close friend of Mom's (Lillian Greenberg z'l). Ruth said that Mom listened to all of her stories. At times it was difficult to remember that they were not sisters. Many shabbatim were spent at Village Shalom, and Ruth even followed the Birkat Hamazon in the bencher. Her sometimes rough exterior made some people overlook a warm and friendly interior. When Mom died, Ruth grieved for her like a sister. When we found out about her death, we grieved with her family. Often, she let one of us be her "guest" at the quarterly dinners so that we both could be there with Mom. Though she was not from Kansas City, she will be missed.

Alan and Jackye Goldberg - August 30, 2015 at 10:47 AM

“ I called her Rochelle. She was a kind woman with a beautiful smile and always a kind word. We spoke Yiddish and sang Yiddish songs with a smile always. She was so appreciative of her nephew and niece who visited her and watched over her. She was appreciative that you moved her here and cared for her. I will always remember Ruth with great affection. My condolences to you both. Doris Gilgus

“ I loved listening to Ruth's stories of her life. She would get so excited to share those memories. Oh, how she would smile and laugh at them, and her eyes would light up everytime. I will miss seeing her around Village Shalom but I know that I will take those stories with me.

“ I called her Rochel and we shared smiles, Yiddish and stories. She was a warm, kind and caring person. I will Never forget her smile that she shared with so many. Ruth was a remarkable woman who so appreciated her nephew and niece for watching over her and assisting her to live her life amongst her devoted family. We can expect to loose those we cherished and loved but it is still difficult to accept. My concern and love to you and your family for the loss of your dear Aunt. Thank you so very much for bringing her to Overland Park and enlightening my life.

“ Ruth was such a lovely heart. Her kind eyes were so engaging.
She appreciated laughter and kept her sharp mind till the end.
I will miss seeing her radiant smile each time I go to Village Shalom.
Rest in peace, Oh Sweet Lady.
